Saturday, October 2, 2010

Friday, October 15, 2010

Saturday, October 23, 2010

Friday, October 29, 2010

## Where

Volunteer sites are TBD. We'll be selecting exciting projects in schools, gardens, and neighborhoods in convenient locations across NYC's five boroughs.

## What

Past projects have included:

- Helping out on urban farms
- Painting school murals
- Block beautification

## Why

Because it's fun. And rewarding. And a great chance to give back to the city you love!

## About Citizens

Citizens' mission is simple: to help New Yorkers -- especially those in low-income areas -- come together and transform their neighborhoods. Based on the belief that people make important changes happen on their streets and in their communities by working together, we serve hundreds of resident-led volunteer groups throughout New York City.

### Here's what some of our friends had to say about volunteering with Citizens Committee:

*"The best thing about volunteering with Citizens is seeing a neighborhood or a school transform before your eyes --- and knowing that you helped make it happen."*

**-Chris Ruggeri, Principal, Deloitte Financial Advisory Services LLP**

*"Volunteering at CA is a huge part of our culture, and working with Citizens Committee was rewarding for us on so many levels: we teamed up with local school children to help build one of NYC's first urban farms and had a great time while helping improve their community and raising environmental awareness."*

**-Erica Christensen, Director, Community Affairs, CA Technologies**
